Joomla! just got a lil' bit easier... "Who Else Wants To Be A Master At Installing, Configuring, Backing Up And Restoring, Upgrading, And Extending Joomla With 8 Brand New Video Tutorials?" Dear Friend, Do you want to get started with Joomla!, but you have no idea where to begin? Are you concerned that maybe you don't have the technical skills needed to be successful? Does it all seem a bit overwhelming? If so, you have come to the right place. The Absolute Beginner's Guide to Joomla! is just for you. This guide is intended for those who have no clue where to begin but really want to learn how to use Joomla!. Helping you become successful installing, configuring, backing up and restoring, upgrading, and extending Joomla! is exactly the point of this guide. For Beginners AND Experts. 8 Video Tutorial AND eBook. Rock Solid Results Guaranteed! At this point, you might be aware that there are thousands and thousands of Joomla! websites in the world, each specifically crafted to meet the needs of the Web site owner. You might even have a neighbor or a friend who has a Joomla! Web site and now you want one of your very own, but you are uncertain if you have what it takes. Maybe you have been lurking around the Joomla! Forums for awhile, observing others as they build Joomla! websites. Maybe you even have a case of Joomla! Web site Envy. Take action, now! Begin by test driving Joomla! using a Joomla! Demo site. Log in to the backend Administrator and change a few things. Don't worry! You can't hurt anything! The demo sites are refreshed frequently. As you click around, consider the functionality you see. What would be great to have? What do you not want in your Web site? If it doesn't all make sense, don't worry! You are just getting familiar. For now, cruise around and enjoy the scenery. You should not be breaking a sweat at this point. Take it easy! Have fun!
