After being invited to a newly opened museum in the heart of Egypt, a young family comes across the long lost tomb of a cursed Pharaoh. Their curiosity gets the best of them and they decide to explore more, but this little side trip soon becomes dangerous when the trap-infested tomb splits them up. Now, they must not only find each other, but also hope to make it out alive. Help the young family reunite safely. Play as each of the members and work your way towards the others. Use magical Glyph Vision goggles to find areas of interest, and the Time Amulet to solve puzzles. Search for helpful objects, collect special items, and discover the story behind the Pharaoh. For a special treat, turn on the 3D game mode, put on a pair of 3D glasses, and watch the game pop out of your screen! (Please note that 3D glasses are not provided.) Critics say Escape the Lost Kingdom is "a lot of fun to play" while "blending the individual components into a sharp, entertaining overall package that has a lot to offer hidden object fans and adventure gamers alike".
