Attention: Get The Best Keywords To Optimize Your Your Articles, Blog Entries, and Other Content With A Few Clicks of A Button! "Quickly Uncover Your Competitors Prized Keywords They Repeatedly Use On Their Websites Or Blogs To Rake In A Fortune!" Ultimate Search Engine Optimization Tool Reveals The Keywords Your Competitors Are Using So You Can Duplicate Their Sites and Beat Them In The Rankings! Dear Friend, Picking the right keywords can make or break your website. The best ones give you profitable rankings that pour in cash. While, the bad ones leave your pages lost among millions of others. All of the work you put into it, lost. That's why keyword research is so important. The problem is that it often takes a lot of work... and when it's all said and done, you never know exactly if you picked the right keywords. But, there's one technique that stands out to quickly find the best keywords... and that's to look at the keywords your competitors have already researched. However, this takes forever when you're researching more than a few keywords. If you a large amount, then you need a shortcut. An Automated Tool To Scour Your Competitors Web Pages For Keywords! Let me introduce you to "Site Searcher." This powerful new tool spiders any website you want to search for any keyword you choose. You just pop one of your top search competitors in the tool and see if they have any pages built around a certain keyword. As a result, you immediately have the information you need to see if it's worth your time to write new content around a certain keyword. You then dramatically increase your "hit" rate of getting top positions in the search engines! Here's The Full Range of Benefits You Get: Quickly and easily locate all instances of a specific phrase within all the pages of a website. Use this information to get an upper-hand over your competitors! Establish how deep and far your spider goes into your selected site! This ensures you get the data you need to get the edge over the rest! Increase your chances building your content around profitable keywords by seeing what your competitors have already done! Your search engine results are going to skyrocket with this new tool! Spy on your competitors websites to uncover what sales phrases and approaches they're using! Just type in a benefit, such as "Make money" and see if those with the best selling products use this term! Determine the speed you spider others websites with built-in sleep function! Site Searcher performs just how a human does! Save your results, export them is .CSV format,

or print them for easy access in the future! You're going to build up a fortune of competitive data to make you a fortune! Get a final list of the URLs, page titles, and how deep in the website where your keyword appears! All of the information you need to make smart decisions is here! Plus, much more! This bottom line is that... All Of Your New Top Search Rankings Add Up To A Fortune! You no longer have to re-invent the wheel laboring hours to find the best keywords for all of your sites.
