You can download a free demo. Angel wakes up in a hospital bed to a doctor preparing her for a lobotomy. Shocked and terrified, she searches for a way out but soon realizes she's walking a fine line between two realities. All she can remember is being on a boat with her treasure-hunting husband, and now she's fighting for her life with warped visions haunting her mind. What is real? What is she doing here? Where is her husband? Find out in this chilling journey as Angel navigates through the ominous corridors of the mental hospital, a decaying lighthouse, and more to locate answers. Search for handy items, solve clever puzzles, and play cunning mini-games. As you explore and go deeper into the mystery, the disturbing back-story will emerge that answers questions to Twisted Lands - Shadow Town, as well as lead you to a conclusion even more shocking.
